#### A Miner Sustains a Dislocation of His Spine.

Mahanay City, July 29.—Patrick Kilroy, 37 years of age, met with an accident at the Mahanay City colliery this morning by which he sustained a dislocation of the spinal vertebra in the lumbar region. Joseph Stukas had his head footly lacerated and back severely scratched by a fall of coal at the Maple Hill colliery at two o'clock this morning.

The funeral of Patrick Feeley took place this morning. Requiem mass was celebrated in St. Gabriel's cemetery at Hazelton. A wagon that was being hoisted in the slope of the St. Nicholas colliery yesterday afternoon became dislodged from the cage and fell down the slope into the sump. The car was wrecked and several sets of timber knocked out. Operations were suspended for the day.

A landslide occurred at Barry's Junction this morning, covering the Lehigh Valley railroad tracks for a short distance, but not seriously delaying traffic.

The St. Nicholas Blues and Leont Dale base ball teams will play a game at Ashland to-morrow.

The latest arrivals from Camp Alger are Corporal Brownbill and Privates Wesley Bachman, Claude Gouliher, Carl Kulp and Jacob Keip.

Mrs. Emma Keck, Great Pochontas, arrived here from Allentown yesterday and instructed the members of Iona Council in the unwritten work of the Order.

The members of Mahanay City Lodge No. 617, I. O. O. F., last night celebrated their tenth anniversary in Hersker's theatre. A very pleasant entertainment was followed by a banquet at which there were over 400 guests.

#### Fell Under a Train.

James Ryan, a 15 year old boy of Ashland, jumped on a coal train while on his way to work this morning and, in making room for other boys, slipped and fell. Several cars passed over one of his legs and the mangled member was amputated at the Miners' hospital.

#### Fascinating Hiveway.

Last evening about 8:30 o'clock the horse attached to the Hotel Franny cab ran away from the hotel. The driver had just returned the horse and was about to water the animal when it was frightened. It dashed up Coal street and while rounding the corner at Main street the rear end of the coach was thrown on the sidewalk at the Farmer's hotel. The coach was smashed to smithereens, but the horse escaped uninjured. A little boy who had been sitting on the front seat was thrown out but escaped injury.

#### A Mine Hero at Scranton.

Scranton, Pa., July 29.—Forty men at work in the Richmond No. 3 shaft were saved from certain death yesterday afternoon by the bravery of Hugh McCutcheon, an inside foreman. Fire broke out in the engine and fan houses at the head of the shaft. McCutcheon was lowered in the carriage 50 feet to the third bottom vein, where the men were working, and gave them warning. He had only left the carriage at the foot when the fan house collapsed and fell down the shaft. Within five minutes gas filled the workings, but the men had reached the surface, 1,800 feet from the main shaft. The gas in pouring from the openings, and extreme care is being used to prevent ignition, which would blow the mine into a hopeless wreck.

#### Almost a Collision.

The trolley car on the Lakeside railway which left here at 7:20 o'clock last evening came near being struck by a P. & R. freight train at the East Centre street crossing. The car had already reached the north bound track when the freight crew thought the engineer to shut off steam. The brakes were quickly applied and the train stopped within a few feet of the car. No collision was occasioned among its passengers, although several were slightly injured. These cars are supposed to come to a full stop and the conductor to go ahead and see that the track is clear at this point.

### LINES IN TROUBLE.

The Local Telegraph Office Put Out of Service.

Shortly before nine o'clock last night a great crowd of people was attracted to the local office of the P. & R. and Western Union telegraph system by an electrical display which brilliantly illuminated the office and vicinity, and which was caused by the grounding of either a telegraph or an electric light wire. The cause of the trouble has not been determined.

Yesterday there were several indications of trouble in the telegraph office, but all efforts to locate the source failed. Last night the street electric light system gave evidence of trouble on the circuit west of Main street and shortly after the switch board in the telegraph office caught fire. It was destroyed with four of the instruments on the operating table. It is necessary to cut all the telegraph wires on the Catawissa division were burned out and Tamaqua suffered as much as the local office. Some people incline to the opinion that the trouble had its source at or near Catawissa. Others believe the trouble was due to a crossing of the air and telegraph wires in town. The employees of the street electric light company spent several hours last night and today trying to locate the source of trouble without success.

THE TROUBLE LOCATED. Late this afternoon lightning succeeded in locating the source of trouble. The air and telegraph wires were found crossed in front of Wyatt's hotel on North Main street. Stop That Cough! Take warning. It may lead to Consumption. A 25c bottle of Shiloh's Cure may save your life. Sold by P. D. Kirlin and a guarantee.

Down Comes the Price

On Wool Bunting U. S. Flags.

Those who foolishly thought they were securing a bargain in buying the supposedly cheap "cotton" bunting flags are now regretting their action, as they view the scarcely visible colors in their flags as they are suspended overhead. By investing a few dollars more they could now have a flag that always looks clean and bright in colors. Our wool flags have proved their superiority over "cotton" goods. We have again reduced our price on wool bunting flags down to a close second in price of the "cotton" flag. We manufacture our wool flags, and can guarantee them to be A. No. 1. Call and get our new price list.

### DO IT YOURSELF.

You can tell just as well as a physician whether your kidneys are diseased or healthy.

The way to do it is to take a bottle of plain water and fill it with urine. If there is a sediment—a powdery substance—at the bottom after standing 24 days and eight, there is something wrong with the kidneys. Another sure sign of disease is a desire to urinate often, and still another sign is pain in the back. If urine stains linen, there is no doubt that the kidneys are affected.

It is not a matter of the kidneys, liver, bladder and of the urinary passages and constipation of the bowels are cured by Dr. David Kennedy's Favorite Remedy. There is no question about it being the best and most medicine in the world for such troubles. It quickly relieves and cures inability to hold urine, and people, young or old, who take it are not compelled to get up a number of times during the night. For putting an end to that annoying pain experienced in passing urine, nothing is so good as Dr. David Kennedy's Favorite Remedy. It corrects the bad effects of whiskey and beer; is pleasant to the taste, and does not seem to be medicine at all. Diseases of the kidneys and bladder require the regular use of this medicine to push back the only matter so the urine can be voided. In such cases Favorite Remedy should be taken without further delay or the disease may become chronic and cost you one dollar a bottle at all drug stores. It is well worth many times its price.

#### Samples Free.

If you wish to test Dr. David Kennedy's Favorite Remedy before buying it, send your full post office address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper. We will then mail you a sample bottle free, as well as circulars giving full directions for its use. Every reader of the Herald is cordially invited to give a trial of this liberal offer, and all sufferers from kidney troubles should take advantage of it at once.

#### Political Points.

The Pottsville Republican says: "The Shenandoah Herald's Pottsville correspondent was evidently not an attendant upon the 'Heronry' meeting held in Pottsville the other day. He left so much untold that might have been told. Clearly, however, he sat very closely to the elbow of somebody who had been there."

Ex-Senator Watson is preparing to make an active canvass in this Senatorial district as an independent candidate. His nomination papers have been unanimously signed, and bear the autographs of the leading business and professional men of this town.

The Hazleton Telegraph is still pondering away at the Democratic nominee for Judge, and furnishes this startling information: "William Ashland, the Ashland man, who was nominated by the Democrats of Schuylkill for Judge, is said to be weakening and may drop from the race. Marr is a party hack, misrepresenting his people, and a complete creature."

John Smith, of St. Clair, is a candidate for re-nomination.

Chairman John P. Elkin's statement, that in his opinion the Pennsylvania soldier may vote wherever he is, will be heartily endorsed by all patriotic citizens. The Act of 1903 provides for the creation of a polling place in each county comprised of Pennsylvania soldiers and for officers who will conduct the election in the regulation way.

County Chairman Shay denies the statement made in this morning's Miners' Journal to the effect that he had called for a meeting of the Republican Executive Committee at Pottsville to-morrow. He says he has issued no such call.

The Miners' Journal says the talk about that "harmony deal" and the efforts of the political Moses, has "created a mild sensation during the past week." It appears our political correspondent, as usual, knew what he was talking about.

D. C. Henning is a full-fledged candidate for Judge, and will oppose the re-nomination of Judge Koch. The latter is now in the West, visiting his brother.

The political "hangers-on" at Pottsville have agreed that the construction of the government building creates the new office of paymaster, and that Brunson has the selection of the man for this snap. As Pottsville is indebted to ex-Congressman Kelly for the erection of the building, it would be a graceful act to allow him to name the appointee.

It has just leaked out that Senator Quay and Dave Martin were in conference in Philadelphia on Monday, for the purpose of "letting" it.

Homer L. Castle, the Prohibition leader in Allegheny county, will be a candidate for Congress against John Dalzell in the Twenty-second district.

The Guffeyite Democrats, who have controlled in Westmoreland county for years, have been completely turned down by the new County Committee.

Democratic State Chairman Garman is quoted at Wilkesbarre as saying he believed Jenks had a good chance to be elected Governor. Garman is at his old tricks—chasing rainbows.

For Constipation take Karl's Clover Root Tea, the great Blood Purifier. Cures Headache, Nervousness, Eruptions on the Face, and makes the head clear as a bell. Sold by P. D. Kirlin and a guarantee.

#### The County Bond Issue.

Fergus G. Farquhar and John F. Whalen, counsel for the Taxpayers' Association, have called the County Solicitor Basted that they desire to be heard personally by the Supreme Court in the appeal from the new bond issue. They will, therefore, not file their argument in paper book form by August 15. The hearing will not take place until the first Monday in October. The county treasury is empty and new temporary loans must be negotiated.
